Wiggins, the noted if not famous weather prophet, adheres to his prediction that the greatest storm this country has ever known will occur on the 20th of September. We regret to learn that Mr. George Hahn has changed his mind in regard to going into business, and has determined not to do so, at least not during the present season. Mr. Hahn has always been a successful and enterprising business man, and while we would like to see him enrolled among our business citizens he doubtless has good reasons for changing his mind. We still hope to see him before long engaged in some profitable enterprise, and wish him a good time during his period of rest.

An exchange says: By a new law passed by the Ohio Legislature, towns are released from bearing the expense of armory and drill rooms for use of companies of the National Guard. The law says that "County Commissioners shall provide for each organization with a suitable armory for purpose of drill and safe keeping of arms and other military property furnished by the State, and the expense of armories, including the necessary fuel and lights, shall be paid by the county in which the members of each organization reside."

A boy should thank God for being so fortunate as to be born and raised on a farm. There is no place on the green earth so well adapted to perfectly develop the mind, muscles and manhood as the farm. There a boy has the purest air, the freshest and healthiest food, plenty of unrestricted exercise, the brightest sunshine and the soundest sleep—the very conditions necessary for the highest development. Nine-tenths of all the men who have made mark in any business, profession or pursuit, have been born and raised on a farm. This is not because there is better blood on a farm, but because the surroundings of a farm life is better calculated to call out what there is in a boy, and develop a full-grown, healthy, perfect and self-reliant man.

**Fallen Timber**. Celebration of the Ninety-Second Anniversary at Turkey Foot.

The Maumee Valley Pioneer Association celebrated the ninety-second anniversary of the battle of Fallen Timber on the battle ground at Turkey Foot on Friday last. The attendance numbered in the neighborhood of 2500, including some of the oldest settlers in the valley. Quite a large number attended from this county. At the election of officers held during the day Warren Gunn, of Monclova, was chosen president, and Hon. Asher Cook, Hon. Harvey Kellogg and Judge S. H. Catley, vice presidents. A sumptuous dinner was served at a neighboring farm house, after which the crowd assembled around the speakers' stand with the expectation of hearing an address by General W. H. Gibson, but that gentleman, for some unaccountable reason, failed to be in attendance, and in his place Mayor Forbes, of Toledo, was substituted, and delivered a brief but interesting address.

Other features of the day were addressed by A. A. Graham, secretary of the Ohio State Archaeological and Historical society, and Rev. A. Hollington, of Toledo, and recitations by Mrs. Rebecca Steadman McCann.
